

To all Point customers,

We are very sad to inform you that after being in negotiations with our landlords they will not be renewing our lease for these premises and have decided on different plans for these units. We have had no option but to relocate our business and close our doors here on Monday 2nd July 2017, also we will not be able to relocate all of our staff as the Point employs between 16 - 20 people dependant on the season - regrettably meaning there will be job losses.

However, we are delighted to announce we have new premises at 1 St Peters Avenue, Cleethorpes (see Map below) where parking facilities are directly across the road and they are FREE to use daily after 6pm. We are currently in the process of fitting out the building in order to open for business on Tuesday 3rd July 2017; however The Point Plus will remain open for business up until the relocation date.

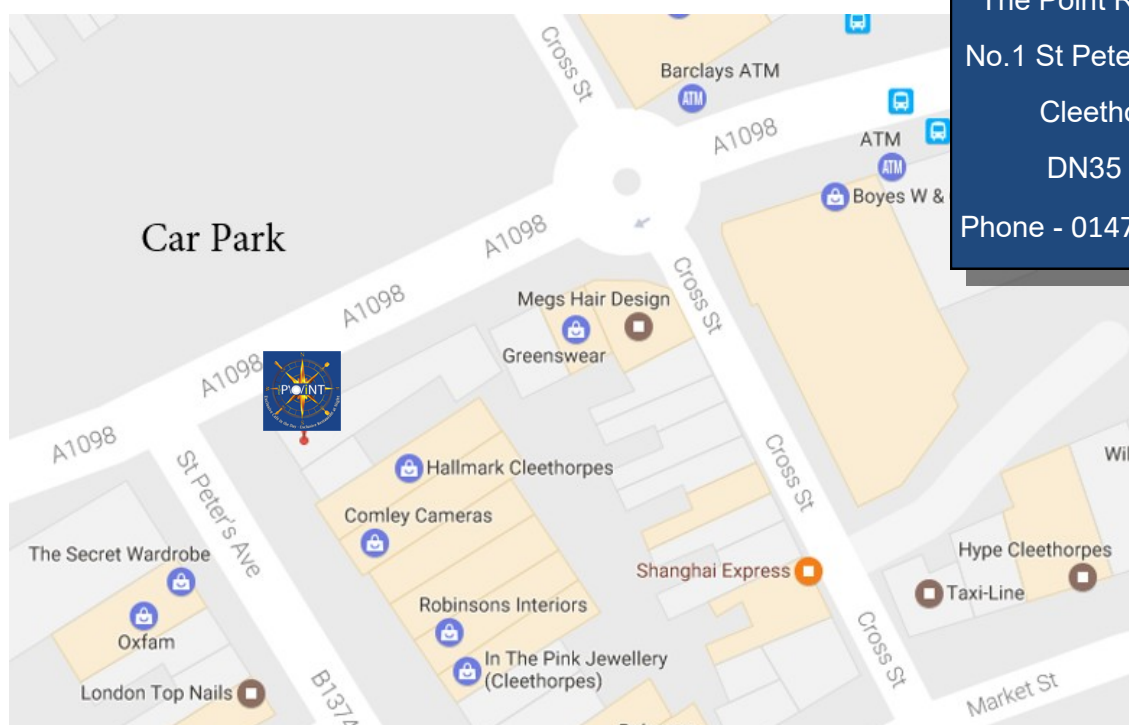

The new building has two floors, so downstairs will be The Point Cafe, Bar & Restaurant with the same menu you have enjoyed here and it will also have a lounge area with sofas, bucket chairs and a TV for all our customers who come for coffee and relaxation.

Upstairs we will be creating "Humphreys bar and restaurant", this will be for functions and more fine dining and our popular Carvery. The Carvery will be open from Sunday 9 July 2017.

We would like to take this time to thank all our customers for their loyalty throughout our years here and hope you will continue to support The Point Cafe, Bar & Restaurant at St Peters Avenue.

Thank you

Liam, Neil & All Point Staff
